Spaceman [Radio Edit]

Babylon Zoo

Spaceman
I always wanted you to go into space, man
(Intergalactic Christ)Spaceman
I always wanted you to go into space, man
(Intergalactic Christ)Pungent smells
They consummate my home
Beyond the black horizon
Trying to take controlSee my girl
She shivers in her bones
The sun and zenith risin'
Trying to take us allThere's a fire between us
So where is your God?
There's a fire between us
I can't get off the carouselI can't get off the carousel
I can't get off the carousel
I can't get off this worldThe sickening taste of homophobic jokes
Images of fascist folks
Beam me up 'cause I can't breatheSpaceman
I always wanted you to go into space, man
Intergalactic ChristIt's time to terminate
The great white world
Morbid fascinations
Television takes controlDecimation
Different races fall
Electronic information
Tampers with your soulThere's a fire between us
So where is your God?
There's a fire between us
I can't get off the carouselI can't get off the carousel
I can't get off the carousel
I can't get of this worldThe sickening taste of homophobic jokes
Images of fascist folks
Beam me up 'cause I can't breatheSpaceman
