

Spaceman [Radio Edit]

Babylon Zoo

Spaceman

I always wanted you to go into space, man

(Intergalactic Christ)Spaceman

I always wanted you to go into space, man

(Intergalactic Christ)Pungent smells

They consummate my home

Beyond the black horizon

Trying to take controlSee my girl

She shivers in her bones

The sun and zenith risin'

Trying to take us allThere's a fire between us

So where is your God?

There's a fire between us

I can't get off the carousell I can't get off the carousel

I can't get off the carousel

I can't get off this worldThe sickening taste of homophobic jokes

Images of fascist folks

Beam me up 'cause I can't breatheSpaceman

I always wanted you to go into space, man

Intergalactic ChristIt's time to terminate

The great white world

Morbid fascinations

Television takes controlDecimation

Different races fall

Electronic information

Tampers with your soulThere's a fire between us

So where is your God?

There's a fire between us

I can't get off the carousell I can't get off the carousel

I can't get off the carousel

I can't get off this worldThe sickening taste of homophobic jokes

Images of fascist folks

Beam me up 'cause I can't breatheSpaceman
