

# Wrecking Ball

## Agent 5.1

She's a wrecking ball  
Like a fever I burn faster  
She she, She's gone faster  
Her machine will make you weary  
She she, she's gone faster  
Her high-speed mind is what I'm fearing  
Hold on to your ?  
Hold on to your heart  
Ready get set  
Tear this place apart  
Oh my god she's a wrecking machine  
She burned my motor on my engine clean  
Quit playin' dirty tricks single picks  
She does it all  
She's a wrecking ball  
She's going down low to the fire  
She she, she's gone faster  
And I don't give a damn if it takes me higher  
If she don't care bout elimination  
She she, she's gone faster  
Then I don't give a fuck its my bad reputation  
Hold on to your ?  
Hold on to your heart  
Ready get set  
Tear this place apart  
Oh my god she's a wrecking machine  
She burned my motor on my engine clean  
Quit playin' dirty tricks single picks  
She does it all  
She's a wrecking ball  
Wrecking ball  
She's my wrecking ball  
Oh my god she's a wrecking machine  
She burned my motor on my engine clean  
Quit playin' dirty tricks single picks  
She does it all  
Oh my god she's a wrecking machine  
She burned my motor on my engine clean  
Quit playin' dirty tricks single picks

She does it all  
She's a wrecking ball
