

# Song for Judee

Neko Case

You wrote "The Kiss" and it is beautiful  
I can listen again and again  
You never really got a break  
From the car wrecks and the pain You loved the songs of the pioneers  
And the Hollywood cowboy stars  
You were just trying to put a hand  
To where we are, where we are, where we are Living in a '55 Cadillac  
Five people sleep in shifts  
Robbing liquor stores and going back  
With the cash and rolling in it You loved the songs of the pioneers  
And the Hollywood cowboy stars  
You were just trying to put a hand  
To where we are You never talked about your past  
About the drugs and walking in the streets  
They found you with a needle in your arm  
Beloved books strewn around your feet You loved the songs of the pioneers  
And the Hollywood cowboy stars  
You were just trying to put a hand  
To where we are You loved the songs of the pioneers  
And the Hollywood cowboy stars  
You were just trying to put a hand  
To where we are, where we are, where we are, where we are
