

# Electric Bloom (Aaron Ells remix)

## Foals

This is a warning shot, your final call  
An empty morgue with gurning hearts and hollowed crowns  
And all I see is marching bands  
Marching bands which never rest in broken stands  
Butcher birds with useless throats  
We're not safe of dying kings with plastic knives[Chorus]  
It's just another hospital  
It's just another, it's just another Captains made with metal tags  
Flags brought down of hollowed crowns  
It's everything without a time?  
It's just a, it's just a[Chorus]
