

Live Life, No Rules

Throwdown

live. torn between what makes perfect sense and what I fucking hate...but
rules are rules. don't want to live like the rest. i want to push my limits,
i want to test. rest? don't look at me that way, I'll rest another day. don't
let them pull you down. live life. no rules. i know the game. i know the way
you look at me, but this one's not for you. as i wage this hardcore war to
virgin minds and choose to be what many feel isn't worth the time (but i think
it's time). let the hopeless hear you now. fight! fight! fight! we will fight!
and if you're ready to fight then stand above the rule. live life. no rules.
