

# Faded In the Morning

## Unknown Mortal Orchestra

Words are floating through the windows  
And in the house she blows them away  
Faded in the morning timeHaters with their hearts asunder will ruin our parade  
Faded in the morning timeWalking through the winter markets and all the horses floated away  
Faded in the morning timeSun is rising  
Stings my eyes and don't wanna die today  
Faded in the morning time
