I'm Shooting High

Chris Connor

I'm shooting high, got my eye
On a star in the sky, shooting high
I'll never stop till I get to the top
Tell you why shouldn't I?You know it's you I'm after, you're my lucky star
I'm on a rainbow rafter, climbing up to where you are
I'll have a time, it's a climb but I'll make it
'Cause I'm shooting highI'm shooting high, got my eye
On a star in the sky, shooting high
I'll never stop till I get to the top
Tell you why shouldn't I?You know it's you I'm after, you're my lucky star
I'm on a rainbow rafter, climbing up to where you are
I'll have a time, it's a climb but I'll make it
'Cause I'm shooting high in the sky, shooting high
