

# See the World

## Gomez

Day to day  
Where do you want to be?  
'Cause now you're trying to pick a fight  
With everyone you need You seem like a soldier  
Who's lost his composure  
You're wounded and playing a waiting game  
In no man's land, no one's to blame See the world, find an old fashioned girl  
And when all's been said and done  
It's the things that are given, not won  
Are the things that you earned Empty handed  
Surrounded by a senseless scene  
With nothing of significance  
Besides a shadow of a dream You sound like an old joke  
You want out, a bit broke  
And askin me time and time again  
And the answer's still the same See the world, find an old fashioned girl  
And when all's been said and done  
It's the things that are given, not won  
Are the things that you earned You've got a chance to put things right  
So how's it going to be? Lay down your arms now  
And put us beyond doubt  
So reach out it's not too far away  
Don't mess around now, don't delay See the world, find an old fashioned girl  
And when all's been said and done  
It's the things that are given, not won  
Are the things that you earned The things that you earned  
Are given, not won  
The things that you earned  
Are given, not won
