## The Smashing Pumpkins

Mother moon  
Mistress of the sun, say  
I got you, I got you  
Sister soul  
Lovers of the tune, sing!  
I got you, I got you, I got you  
Floating away I think I'll stay as refused  
Floating away I think I'll stay blue-black  
Floating away I think I'll change next to you  
Finding a way to make the loss seem new  
Cause you don't deserve me  
But I deserve you  
Mother moon  
Mistress of the sun, say  
I got you, I got you  
Sister soul  
Lovers of the tune, sing!

I got you  
I got you  
Mother moon  
Mistress of the sun, say  
I got you, I got you, oh I've got you  
I got you, I've got you mother moon  
Floating away I think I'll stay as refused  
Finding a way to make the loss seem new  
Floating away I think I'll change next to you  
Finding a way to make the loss seem new  
Cause you don't deserve me  
But I deserve you  
Flies for the may queen  
But life for the prince  
If nobody wins  
Then what gets lost?  
If I've got you
