Silent Partner

Rhonda Vincent

I've spent countless hours
with role so many years
but you can only work so long
pursuing the wrong career
now I found my calling
I'm working for the man
the pay is so much better
with the great life insurance planMe and my silent partner
we're always side by side
he helps me run this business that I call life
He is the best adviser
and I can reach Him any time
me and my silent partner Jesus ChristYou don't need an application
and there ain't no interviews
no experience is needed
everybody's preapproved
just call him when you're ready
that's all you have to do
if you work with me I know He'll work with youMe and my silent partner
we're always side by side
he helps me run this business that I call life
He is the best adviser
and I can reach Him any time
me and my silent partner Jesus Christ
me and my silent partner Jesus Christ
