

# Golden (feat. Lukas Graham)

## Brandon Beal

We can be golden  
Why don't we show them  
All of the life there's meant to be  
We can be golden  
Look what we holdin'  
Better than angels if you believe Yeah, hah  
Grew up kinda tough like  
No wheels on my first bike  
Second hand was kinda new yeah  
Now nigga livin' life  
You can be anything you wanna be  
But nothing comes easily  
You gotta do what you gotta do yeah And I've been broke  
I've been window shoppin'  
My high was always my low  
Nigga I've been around  
But I'm coming up you know We can be golden  
Why don't we show them  
All of the life there's meant to be  
We can be golden  
Look what we holdin'  
Better than angels if you believe Look, I'm finally in first place  
Should have been there in the first place  
Runner up is the first to lose yes  
So I'm now at a new phase You can be anything you wanna be  
But nothing comes easily  
You gotta do what you gotta do yeah yeah 'Cause I stay working and I stay hustlin'  
All the way to the top  
And nigga I've been around  
But I'm coming back yeah We can be golden  
Why don't we show them  
All of the life there's meant to be  
We can be golden  
Look what we holdin'  
Better than angels if you believe I don't believe that you never cared  
You use to say we can go anywhere  
Back on our feet where we belong  
'Cause we can be anything that we want We can be golden  
Why don't we show them

All of the life there's meant to be  
We can be golden  
Look what we holdin'  
Better than angels if you believe Yeah! We can be golden  
Why don't we show them  
All of the life there's meant to be  
We can be golden  
Look what we holdin'  
Better than angels if you believe 'Cause I will never see myself gettin' of the block  
And gettin' all the shots that I got  
I will never see myself gettin' of the block  
And look now we standin' on top  
I will never see myself gettin' off the block  
And gettin' all the shots that I got  
Baby there's a reason why we got off the block  
'Cause now we standing on top yeah
