

# Black And White Boy

## Crowded House

Black and white boy, black and white boy  
You're so extreme, you're so confused  
Now color me in whatever mood I'm in  
I could be still in touch with you  
And you're full of the wonder of spring  
It's all sweetness and lightness you bring  
And a room full of people  
Fall to your infinite charm  
But when darkness should quickly descend  
You go quietly, my miserable friend  
To the depths of despair you will crawl  
Black and white boy  
Black and white boy, black and white boy  
You're so extreme, you're so confused  
Now color me in whatever mood I'm in  
I could be still in touch with you  
When you shake off the shadows of night  
And your eyes are so clear and so bright  
You'll make fools of the liars and creeps  
Put a rose in my cheeks  
But when demons have climbed on your back  
You are vicious and quick to attack  
And you put on a wonderful show  
Do you really, really think I don't know?  
Black and white boy, black and white boy  
And you run like a cat to the cream  
And you're acting so nice it's obscene  
You put on a wonderful show  
Do you really, really think I don't know?  
Black and white boy, black and white boy  
Black and white boy, black and white boy
