

Get to You

Vaya Con Dios

Boy, you know I heard you talking in your sleep
If I only knew you better
I'd chase away the demons from your dreams
Make them disappear forever I want to get to you
I'm gonna find a way
I want to get to you
'cause I care for you
I care for you
I want to get to you
Every night I pray
I want to get to you
'cause I care for you
I really do In your arms when you're lying next to me
There's so much we can discover
If you put your trust in me you'll see
I will love you like no other I want to get to you
I'm gonna find a way
I want to get to you
'cause I care for you
I care for you
I want to get to you
Every night I pray
I want to get to you
'cause I care for you
I really do Ain't nobody gonna take me away from you
Ain't nobody gonna take me away
Ain't nobody gonna take me away from you
Ain't nobody gonna take me away I can feel the pain in you goes deep
Don't pretend it doesn't matter
I'm not afraid to face reality
Let us walk that road together I want to get to you
I'm gonna find a way
I want to get to you
'cause I care for you
I care for you
I want to get to you
Every night I pray
I want to get to you
'cause I care for you

I really do
Ain't nobody gonna take me away from you
Ain't nobody gonna take me away
Ain't nobody gonna take me away from you
Ain't nobody gonna take me away
