

I Just Wanna Get Along

The Breeders

We were rich once
Before your head exploded
Imagine doing just what the Big Bang did
The whole world
Knew it was loaded
Wave bye-bye 'cause it ain't ever coming down now

I just want to get along
I just want to get along

I look up
The heads fly over
I see a boy I know: his hair's on fire
The whole world I discovered
If you're so special why aren't you dead

I just want to get along
I just want to get along
I just want to get along

Wave bye-bye 'cause it ain't never coming down

I just want to get along
I just want to get along
I just want to get along
