Flaming Heart

M. Ward

Well, I'm trying hard to pass the time
But I just got more time to kill
You know the flaming heart can't get his fill
But the flaming heart will try and try as he willAnd the flaming eyes I had are gone
They went out with the thrill
You know the flaming heart can't get his fill
But the flaming heart will try and try as he willOoh, I got a flaming heart
Ooh, I got a flaming heart
I gotta roll like a tire
I've got a love that's mighty like a roseAnd the flaming stars I had are gone
They burned out over the hill
You know the flaming heart can't get his fill
But the flaming heart will try and try as he will
