

Last Man Standing

Pop Evil

We live, we die
Only matters what's inside
(You know)
Everything comes and goes no matter where you hide
I won't let you take everything that I deserve
Timing is the melody behind every word
So get in where you fit in
Time to put in on the line

We're going head to head
Can you handle it?
I'm bleeding till the last man's standing
We're going head to head
Can you handle it?
I'm taking you down
I'm taking you down
(You down)
I'm the last man standing
Last man standing now

Practice what you preach before you pray until you burn
Scratch until I bleed before I give you back your tongue
It's my time to be on top
See I'm breaking down your walls
You better keep your cards close before I make you fall
So get in where you fit in time to put in on the line

We're going head to head
Can you handle it?
I'm bleeding till the last man's standing
We're going head to head
Can you handle it?
I'm taking you down
I'm taking you down
(You down)
I'm the last man standing
Last man standing now

I will break you down
Head to head it's all or nothing

Hands unbound
I've been waiting way too long
To take you down
I will be the last man standing

So get in where you fit in time to put in on the line

We're going head to head
Can you handle it?
I'm bleeding till the last man's standing
We're going head to head
Can you handle it?
I'm taking you down
I'm the last man standing

We're going head to head
Can you handle it?
I'm bleeding till the last man standing
We're going head to head
Can you handle it?
I'm taking you down
I'm the last man standing
I'm the last man standing
I'm the last man standing

Who's standing?
Taking you down
Whose standing?
Taking you down
Who's standing now?
