

Something 2 Die 4 (Interlude)

2Pac

[Ghetto]

[laughter echoed]

I've changed...
You mothafuckas kill me
I've changed...

It ain't that i've changed
But it's strange how you mothafuckas rearrange
When I found fame
Point ya finger at tha bad guy

You know what my momma usta tell me
If ya can't find something ta live 4

Then you BEST, find something ta die 4

(eazy saying 'if there's hell below, we're all gonna
go'--this is all through out tha interlude)

Deep deep

[Ghetto]

La'tasha Harlins
Remember that name...
Cause a bottle of juice...
Ain't something 2 die 4

[Ghetto]

Young Quaid
Remember that name...
Cause all you mothafuckas
That go to your grave with that name on your brain
Cause jealousy and recklessness
Is NOT, something 2 die 4

All you Niggas out there

[echoed laughter]
Got a crack that crumbles
When I say all you Niggas (all you niggas)
Unite
One nigga, teach 2 niggas
4 niggas teach more niggas
All tha poor niggas
Tha penn niggas [Ghetto]
Tha rich niggas
Tha strong niggas
UNITE

There's more of us than there is of them
Look around...
Check your strip

Deep deep

That's something 2 die 4

Black

That's something 2 live 4

What do I know?
