

This Time (Remix) [Featuring The Yungfellaz]

JoJo

Wo
Jojo
This time
This time
This I made the mistake like before
Givin' you the third degree
Takin' you through it
I told you I get what I want
And I ain't tryin' to hear nothin' else
But just do it
Then I had to take a good look
When everything else didn't have a ring to it
I'm sittin' here blamin' myself
When I saw what you were feelin' inside and misused it This time it's all my fault
This time I can't let go
This time I did it really, but I got these feelings
How am I supposed to know?
Can't let my weakness show
Have my fits may 'cause me to miss this first chance at real love This time I won't let you get away from me
This time I'm gonna let you take it where it should be
This time I won't say no
'Cause so you know it's a way to protect me
Baby, this time (this time)
This time (this time)
This time (this time)
I'm a let you want me Every female I know
Can't seem to take her eyes off of you, and I see it
It's just that my girls been so hurt
And I'm not tryin' to be the next one goin' through it
I see that I got something real
And I don't wanna lose it
I gotta say thank you
The thought of you gone gives me chills
So, baby, let's just put this aside and come here This time it's all my fault
This time I can't let go
This time I did it really, but I got these feelings
How am I supposed to know?
Can't let my weakness show
Have my fits may 'cause me to miss this first chance at real love This time I won't let you get away from me

This time I'm gonna let you take it where it should be
This time I won't say no
'Cause so you know it's a way to protect me
Baby, this time (this time)
This time (this time)
This time (this time)
I'm a let you want me Never will I deny you love me
All this time you stuck here and didn't leave my side (my side)
Now I know what 'trust me and you will see' was
And I owe you all my heart and deepest apologies
So let's take this back to where we gotta, man
I just wanna do this with you, boy (boy) This time I won't let you get away from me
This time I'm gonna let you take it where it should be
This time I won't say no
'Cause so you know it's a way to protect me
Baby, this time (this time)
This time (this time)
This time (this time)
I'm a let you want me This time I won't let you get away from me
This time I'm gonna let you take it where it should be
This time I won't say no
'Cause so you know it's a way to protect me
Baby, this time (this time)
This time (this time)
This time (this time)
I'm a let you want me
