Devilred

Moonspell

She wears devilRedshe sweats the poison
-all over her
keeps me quiet
-inside her storm
she has the method
-no other knowsred as the veins,she likes to swim in
floating so gently,through this human miserySHe must be a part
Of a Highest Plan
Something I can't understandshe wears devilRedShe's selling a damned soul
To whoever pays the most
Her body-the cure
for all evil and goodred as the veins
she likes to swim in
floating so gently
through this human miserySHe must be a part
Of the Highest Plan
Something I can't understandshe wears devilReddevilred
