

# Devilred

## Moonspell

She wears devilRedshe sweats the poison  
-all over her  
keeps me quiet  
-inside her storm  
she has the method  
-no other knowsred as the veins,she likes to swim in  
floating so gently,through this human miseryShe must be a part  
Of a Highest Plan  
Something I can't understandshe wears devilRedShe's selling a damned soul  
To whoever pays the most  
Her body-the cure  
for all evil and goodred as the veins  
she likes to swim in  
floating so gently  
through this human miseryShe must be a part  
Of the Highest Plan  
Something I can't understandshe wears devilReddevilred
