A Baby for Pree

Neutral Milk Hotel

Blistering Pree, all smiling and swollen makes babies to breathe
With their hearts hanging open all over the sheets
As soft as beets in some brown dresser drawer
And with bees in her breath and the rest of her ringingThey'll sting through her chest with a force hard and beating
Till wonderfully wet she will get until she's soaked inside her clothes
And there is no sorry to be sorry for, for a roll around the floor
Some afternoon, so sound and soft, it made her swallow all her sweatWith every bit of breath she coughs
And when the day it came to pour all her babies
All across the bathroom floor
She will be swimming in them all forever more
