That`s Life

Crushing Caspars

Morons all around me
Not one of them can tell me
What I should say or do
I don't know where I'm going
But I gotta get there soon
I say you've gotta help me
But they don't wanna know me
I don't know what to do
My mum's gonna go cranky
And me dad'll beat me black and blueThey're saying that's life
But I'm taking the blame
They're saying that's life
But I'm taking the blameWhen I go to football I get into trouble
Everywhere's the same
And when I go to work
I'm in trouble againThey're saying that's life
But I'm taking the blame
They're saying that's life
But I'm taking the blameKid's are fighting kid's
And no one gives a damn
We're eating a clockwork orange
But I'm spitting out the pipsThey're saying that's life
But I'm taking the blame
They're saying that's life
But I'm taking the blame
