

# You're All That Matters

Deniece Williams

You're always there to light my cigarette  
You send me flowers that say you won't forget  
When we're walking hand and hand, you seem so proud  
And the tender words you say to me out loud  
They leave no doubt It's almost time to slip into a dress  
I comb my hair, I want to look my best  
And I'll have your favorite meal when you get home  
'Cause your lovin' makes me feel so safe and warm  
It's in your arms You're all that matters to me, my love  
You're all I've wanted, you're all I've needed  
You're all that matters to me my love  
You're all I've wanted, you're all I've needed Together, forever  
Me and you my love I must confess at first I felt unsure  
I'd kept old heartaches  
But your love was the cure All the happiness we share is like a dream  
And my dreams are coming true  
Because of you, only you You're all that matters to me my love  
You're all I've wanted, you're all I've needed  
You're all that matters to me my love  
You're all I've wanted, you're all I've needed
