

Van Halen

Nerf Herder

I bought Van Halen I
It was the best damn record I ever owned
TG&Y 1978 Two hand tapping guitar technique
Really got me off eruption yeah
Ain't talkin' 'bout love, I'm on fire Tomorrow may come
Tomorrow may never come again
Can't you hear Jamie cryin'?
She's runnin' with the devil alone, alone I bought Women and Children First
Fair Warning and Van Halen II
Dance the night away 1984 my favorite record yeah I wore it down
Might as well jump, might as well jump Tomorrow may come
Tomorrow may never come again
Can't you hear Jamie cryin'?
She's runnin' with the devil, alone alone Is this what you wanted, Sammy Hagar?
Sammy Hagar, is this what you wanted, man?
Dave lost his hairline but you lost your cool buddy
Can't drive 55 I'll never buy your lousy records again, again, again
Never again, never again, never again, never again
Never again, never again, never again, never again
Never again, never again, never again, never again
Never again, no no no Tomorrow may come
Tomorrow may never come again
Can't you hear Jamie cryin'?
She's runnin' with the devil, alone alone Jump jump jump jump jump
Jump jump, might as well jump
Jump jump jump jump jump
Jump jump, might as well jump
