Overrated

Paige

I wake, up with you on my TV,
You make, the world around you smile,
I doubt, your special feature DVD,
Thatâ€™s out, but you donâ€™t have much style.

Magazines, MTV,
What they want,
Is what youâ€™ll be.

I see you try and fake it,
I canâ€™t sit back and take it.
Everything about you has been overrated,
Overrated, exaggerated truth.
â€˜Coz what their watching isnâ€™t even you.

I give, you everything I have and more,
I get, the tickets to see you on tour.

Late night shows, radio,
Good for you, a million sold.
Looks like youâ€™ve finally made it.
Hope you appreciate it,
Everything about you has been overrated.
Overrated, exaggerated truth,
â€˜Coz what their watching isnâ€™t even you.

Say goodnight, Thank the press,
Take your place among the rest.
And when youâ€™re cashing your check,
I hope you cannot forget,
Everything about you has been overrated,
Overrated, exaggerated truth.

Overrated, on to something new,
Coz they donâ€™t make â€˜em like they used to,
Overrated, sad to say itâ€™s true,
â€˜coz what their wanting isnâ€™t even you.
