

# Song 6 (Live In Vienna for Hitradio 03)

[Daniel Powter](#)

Now who did you ever want to be  
You snapshot the girl in Tuscany  
I didn't know or recommend at the time  
You're acting out of line  
And I don't need you any more  
Seeing something new is what I'm hoping for  
I'm gonna lose and go for a ride  
Seeming that I've got time So let's lie in the sun  
You didn't want the world to know  
But I'm not strong and you'll find out  
How you girl likes rock n' roll  
So let's swoon and get high  
You know you'd better come and get right  
I don't know if we're still alive  
But the best comes back tonight If it's good and you're gone  
You hope you won't stay too long  
You take like a fool, you bed some man  
You take like a fool tonight  
And some good, some bad  
I'm sticking to the vibe we have  
You take like a fool, you bed some man  
You take like a fool you know So let's lie in the sun  
You didn't want the world to know  
But I'm not strong and you'll find out  
How you girl likes rock n' roll  
So let's swoon and get high  
You know you'd better come and get right  
I don't know if we're still alive  
But the best comes back tonight So let's lie in the sun  
You didn't want the world to know  
But I'm not strong and you'll find out  
How you girl likes rock n' roll  
So let's swoon and get high  
You know you'd better come and get right  
I don't know if we're still alive  
But the best comes back tonight Leave in me  
On the backside still cold now  
I'm on time  
I feel now I'm all cold

(I am over here)  
Everything's gonna be alright  
(I am now timing)  
(I'll call out, I'll call out) So let's lie in the sun  
You didn't want the world to know  
But I'm not strong and you'll find out  
How you girl likes rock n' roll  
So let's swoon and get high  
You know you'd better come and get right  
I don't know if we're still alive  
But the best comes back tonight So let's lie in the sun  
You didn't want the world to know  
But I'm not strong and you'll find out  
How you girl likes rock n' roll  
So let's swoon and get high  
You know you'd better come and get right  
I don't know if we're still alive  
But the best comes back tonight
