

Party Like Cowboyz (Galactic Version)

Big & Rich

C'mon cowboys and cowgirls
It's time to partyDiscount box wine
Burning like turpentine
Anything to get us buzzed
We got six strings
G-strings
Pawn shop bling bling
Raising hell just becauseEven old grannies gettin' chatty and batty
On Pappy's apple pie
Moonshine
I don't know what you're expecting
But buddy if you're betting
I'd be betting on a hell of a timeCause you know we're gonna party like cowboys
Whoop out the big toys
Pour on the gasoline
Put some fire on the fuses
We're about to do this
Pumped on adrenalinWe're getting jackety jacked up
Beer backed and doubled up
Stand up and make some noise
We're gonna party like cowboyzSome girls are getting flirty
And some are dancing dirty
The country girls are coming alive
Some guys are rocking
And some dudes are socking
And gonna have to take it outsideTwo-for-ones are going
The pyro is blowing
The whole place is coming unwound
The roof is raisin
The whole place is shakin
And we're just getting started nowCause you know we're gonna party like cowboys
Whoop out the big toys
Pour on the gasoline
Put some fire on the fuses
We're about to do this
Pumped on adrenalinWe're getting jackety jacked up
Beer backed and doubled up
Stand up and make some noise
We're gonna party like cowboyzFeeling kinda Tonto

Riding on a pinto
Screaming across the wide open range
Got fire for a saddle
Make the red dirt rattle
Cause I'm riding on a trail of flames She's a beautiful thing
She goes so fast
Kicks a jet plane's ass
And dang I love them footloose ways
Like a bullet in a cage
Make a cowboy rage
If I ever get to ride that hottie with a brain We're getting jackety jacked up
Beer backed and doubled up
Stand up and make some noise
We're gonna party like cowboyz
Yea we're gonna whoop out the big toys
Pour on the gasoline (Gonna party like cowboyz) Put some fire on the fuses
We're 'bout to do this
Pumped on adrenaline (Gonna party like cowboyz) Gettin jackety jacked up
Beer backed and doubled up
Come on and make some noise (Gonna party like cowboyz) We're gonna party like cowboyz (I'm a cowboy
baby) I'm a cowboy
