One way down

Useless ID

I'm covered in the wasted youth
Tied down to the floor
I'm getting tired of the abuse
I'm coming back for moreYou gave me wrong directions
On a path to self destruction
No one around us could believe
You wanna let me breathSo there we were
A mark without a trace
So there we were
RememberingWe'll hide away on different grounds
While I keep hanging on, hanging on to youBut there's only one way down
We crush into the past
There's only one way down
We crush into the past
There's only oneThere's only one...You gave me indecision
Every move with your permission
Lost in a world with no sublime
And running out of timeSo here were
A mark without a trace
So here were
RememberingWe'll hide away on different grounds
While I keep hanging on, hanging on to youBut there's only one way down
We crush into the past
There's only one way down
We crush into the past
There's only oneThere's only one...One way down
We crush into the past
There's only one way down
We crush into the past
There's only one way down
We crush into the past
There's only one way downThis is the end of the way that I'm feeling (feeling)
Got caught by the words that never had meaning
But I'm hanging on to youBut there's only one way down
We crush into the past
There's only one way down
We crush into the past
There's only one way down
We crush into the past
