

# One way down

## Useless ID

I'm covered in the wasted youth  
Tied down to the floor  
I'm getting tired of the abuse  
I'm coming back for more You gave me wrong directions  
On a path to self destruction  
No one around us could believe  
You wanna let me breath So there we were  
A mark without a trace  
So there we were  
Remembering We'll hide away on different grounds  
While I keep hanging on, hanging on to you But there's only one way down  
We crush into the past  
There's only one way down  
We crush into the past  
There's only one There's only one... You gave me indecision  
Every move with your permission  
Lost in a world with no sublime  
And running out of time So here were  
A mark without a trace  
So here were  
Remembering We'll hide away on different grounds  
While I keep hanging on, hanging on to you But there's only one way down  
We crush into the past  
There's only one way down  
We crush into the past  
There's only one There's only one... One way down  
We crush into the past  
There's only one way down  
We crush into the past  
There's only one way down  
We crush into the past  
There's only one way down This is the end of the way that I'm feeling (feeling)  
Got caught by the words that never had meaning  
But I'm hanging on to you But there's only one way down  
We crush into the past  
There's only one way down  
We crush into the past  
There's only one way down  
We crush into the past
