Sugar 5

Lamb

Skipping time and life is all aglow
Everything much brighter than before
In my heart a fire burns oh-so strong
And I know this time it's here to stayOh
My ears hear every sound
And now my eyes can see
I can leap and not look downThis earth has greater arms to hold me
This earth has greater arms to hold me
Breathing fresh I feel a new day dawn
Heaven's open, precious life reborn
Knowing from much deeper than the mind
Nothing's two and everything is oneOh
My ears hear every sound
And now my eyes can see
I can leap and not look downThis earth has greater arms to hold me
This earth has greater arms to hold me
My ears hear every sound
And now my eyes can seeOh
I can leap and not look down
This earth has greater arms to hold me
This earth has greater arms to hold me
This earth has greater arms to hold me
This earth has greater arms to hold me
