Bitch you know you like that
Well it's Big Dick Cheney and Tony Snow
We go Mighty Joe Young upside a hoe head
And fuck her emotions, I want the whole bread
I ain't payin' attention to what the hoe said
That hoe can go 'head, if she ain't feelin' it
She ain't goin' nowhere, she love how I'm drillin' it
I throw it up on her she throw it right back
Yeah bitch you know I like that
Bitch you know I like that
Bitch you know you like that
Bitch you know I like that
Bitch you know you like that
Bitch you know I like that
Bitch you know you like that
Bitch you know I like that
Bitch you know you like that

Bitch I see you lookin' at the chain

Can't take your eyes off the big ass rang
Bitch I'm standin' on the top
Like Rick in the 10th, young bitch I'm a pimp
And you like everythin' I stand fo'
Bitch don't use no hands, hoe
All jaws, pull it back
Bitch you know I like that
Bitch you know you like that
Bitch you know you like that
Bitch you know I like that
Bitch you know I like that
Bitch you know you like that
Bitch you know you like that
Bitch you know I like that
Bitch you know you like that
Let me do what I wanna do let me do what I feel
C'mon ride sidesaddle with the king of the trill
All this damn conversatin' ain't worth the breath
Just lean to the right while I work the left
Vice verse and reverse then it's upsy-daisy
Damn this pussy drives me fuckin' crazy
I'm fiendin' to hit it baby like crack
'Cause bitch you know I like that
Bitch you know I like that
Bitch you know you like that
Bitch you know I like that
Bitch you know you like that
Bitch you know I like that
Bitch you know you like that
Bitch you know I like that
Bitch you know you like that
That, that, bitch you know you like that
That, that, you know I'm talkin' 'bout mayne?
Hold up, bitch you know you like that
Is you a crazy motherfucker mayne, you crazy
