Like that, like that  
Bitch you know you like that

Like that, know you like that  
Bitch you know you like that  
Uh, bitch gon' get down on the flo'  
You ain't gettin' paper what you twerkin' it fo'?  
All I see is a bunch of ones  
Need to leave with a pimp, time to have some fun  
All these niggaz is really lame  
Just talkin' to a nigga 'cause you like the game  
Later on you gon' bite, that  
Bitch you know you like, that

Bitch you know you like that  
Bitch you know you like that  
Bitch you know I like that  
Bitch you know I like that  
Bitch you know you like that  
Well it's Big Dick Cheney and Tony Snow  
We go Mighty Joe Young upside a hoe head  
And fuck her emotions, I want the whole bread  
I ain't payin' attention to what the hoe said  
That hoe can go 'head, if she ain't feelin' it  
She ain't goin' nowhere, she love how I'm drillin' it  
I throw it up on her she throw it right back  
Yeah bitch you know I like that  
Bitch you know I like that  
Bitch you know you like that  
Bitch you know I like that  
Bitch you know you like that  
Bitch you know I like that  
Bitch you know you like that  
Bitch you know I like that  
Bitch you know you like that  
Bitch I see you lookin' at the chain

Can't take your eyes off the big ass rang  
Bitch I'm standin' on the top  
Like Rick in the 10th, young bitch I'm a pimp  
And you like everythin' I stand fo'  
Bitch don't use no hands, hoe  
All jaws, pull it back  
Bitch you know I like that  
Bitch you know you like that  
Bitch you know you like that  
Bitch you know I like that  
Bitch you know I like that  
Bitch you know you like that  
Bitch you know you like that  
Bitch you know I like that  
Bitch you know you like that  
Let me do what I wanna do let me do what I feel  
C'mon ride sidesaddle with the king of the trill  
All this damn conversatin' ain't worth the breath  
Just lean to the right while I work the left  
Vice verse and reverse then it's upsy-daisy  
Damn this pussy drives me fuckin' crazy  
I'm fiendin' to hit it baby like crack  
'Cause bitch you know I like that  
Bitch you know I like that  
Bitch you know you like that  
Bitch you know I like that  
Bitch you know you like that  
Bitch you know I like that  
Bitch you know you like that  
Bitch you know I like that  
Bitch you know you like that  
That, that, bitch you know you like that  
That, that, you know I'm talkin' 'bout mayne?
