

# Seasons

## Good Charlotte

Summer air reminds me of all the feelings of your love  
And what it was like when we were together, oh  
Walking all along the beach  
You were never far from my reach  
And you held me through the stormy weather And I, I want to fall in love tonight  
And I remember when you said  
"Everything is gonna be alright" Laying in the summer grass, you told me not to talk so fast  
As I told you how I feel  
You made me feel right at home  
You told me I was not alone and you knew just how I feel I know we talked about it, I just can't get around it  
I just want one more night with you I want to fall in love tonight  
And I remember when you said  
"Everything is gonna be alright" October air reminds me of all the seasons of your love  
And what it was like when we were together, oh  
The smell of fall is everywhere, and though it seems  
I just don't care, 'cause now you've gone away I, I want to fall in love tonight  
And I remember when you said  
"Everything is gonna be alright"  
Alright I, I wanna fall in love  
I, I, I wanna fall in love tonight
