

Blow Jobs

GG Allin

She's never left alone
she likes to suck the bone
Love the smell of her cunt hair
She's always on her knees
she always aims to please
Her lips are round and her face is bare
I want some, she's on the run
She loves the taste of cum
She really gets me in heat
Oh, yes she doesShe gives blowjobs, she gives blowjobs
She gets me up, she never lets me down
She gives blowjobs, blowjobs
She'll go down on every guy in townShe likes the taste of cum
She's always on the run
She gets me in heat
And now she's on every guy's list
'Cause she loves the taste of meat
She's never left alone
She likes to suck the bone
Love the smell of her cunt hair
She's always on her knees
She always aims to please
Her lips are round and her face is bareShe gives blowjobs, blowjobs
She gets me up, she never lets me down
She gives blowjobs, blowjobs
She'll go down on every guy in townShe'll go down on youShe gives blowjobs, she gives blowjobs
She gets me up, she never lets me down
She gives me blowjobs, she gives me blowjobs
She'll go down on every guy in town
