

Bird of Prey

[Natalie Prass](#)

You plucked me from the vine
What a clean detachment
And although it wasn't time
When did it happen? Oh you, you don't leave me no choice
Oh you, oh you don't leave me no choice
Oh you, you don't leave me no choice
But to run away
You are a bird of prey
With a heart like the night I had all the room to hide
In deep fields and tall grasses
Your sight it will not tire
Until you have me I love you but oh no
You will not let me go
Now the sun it sets I'm on the run
I can't get you away from me Oh oh you, oh you don't leave me no choice
Oh you, oh you don't leave me no choice
Oh you, oh you don't leave me no choice
But to run away
You are a bird of prey
With a heart like the night I never said I didn't want you knocking on my door
All this run and chase,
It's almost like I planned it
Never have I felt arms this tight on me before I never said I didn't want you knocking on my door
All this run and chase,
It's almost like I planned it
It's out of hand it's, ooh, out of my control Oh oh you, oh you don't leave me no choice
Oh you, oh you don't leave me no choice
Oh you, oh you don't leave me no choice
But to run away
You are a bird of prey
With a heart like the night I never said
I never said I didn't want you
I never said I didn't want you knockin' on my door I never said
I never said I didn't want you
I never said I didn't want you knockin' on my door
