Gerard Way

I can't swim, don't rub it in
I'm gonna run a little faster
I can't swim, so plug it in
Me and my heavy-metal masterDown and around when the comes come down and
Down and around when the cops come down on you
Jump around to the cop-show sound
Sing death to the crown, manI can't swim don't rub it in
I'm gonna run a little faster
I'm Greg Ginn
I'm running skin
I'm selling glitter for the plasterDown and around when the comes come down and
Down and around when the cops come down on you
Jump around to the cop-show sound
Sing death to the crown, manWe got it. You got it. I want it. I want it nowI can't swim, so plug it in
I'm gonna run a little faster
I can't swim, so plug it in
Me and my heavy, my heavy girlDown and around when the comes come down and
Down and around when the cop come down on you
Jump around to the cop-show sound
Get straight cuz i'm down, manI can't swim
