

Girl

Latif

Is it Prada or Gucci
Jeans on ya body
Look like a star straight out of the movies
I just really think its wicked how ya move yo body
Stick it
I ain't even shy and I want to slide up in it
So let me take you home
I'm in my pearl sitting right outside
Tell me

Are you here alone
I can tell that cha with it
And if you get it I'ma hit it
Girl got it all swolled up
Body shaking like wha
I'ma just tryna see what's up
Let me see ya shake it
Ya know I gotta taste it
