To Protect the Family Name

Pedro the Lion

Officer
Please don't haul me in
Though I'm drunk again
I can explain
I swear to you
For a week I have
Been completely dry
Until tonight
He's been such a good example
Everyhing he's done for me
I couldn't bear to let him downMonday night
Brother sat me down
Very graciously
And explained
If I'm going to help you
I must make it very clear
Brother that I love you
But certainly I hate your sin
So you see you can't arrest me
I swore I'd be careful not to
Further shame the family name
