

Until You Were Gone (feat. Emily Warren)

The Chainsmokers & Tritonal

Thought that I'd be better off if I were on my own
I tried to put my finger on the moment we were on
But the taste turned bitter, so I pulled the trigger
And it's so easy to move on, I guess I should have known

Ice cold, I freeze up when I see you
I left you just to find out that I need you
So far, I wanna pull you closer
Wish we could start the whole thing over

Ever since I'd let you out, tryina get you back
And it keep getting worse
I'm burning on the inside
And the truth is I didn't know how good you were
Until you were gone (gone gone gone gone...)
Until you were gone

I always hoping only time would heal your plague
Yet even though it's been so long, it still hurts just the same
Now I'm finding that the bright was binding
I take back everything I said, won't you just come home

Ice cold, I freeze up when I see you
I left you just to find out that I need you
So far, I wanna pull you closer
Wish we could start the whole thing over

Ever since I'd let you out, tryina get you back
And it keep getting worse
I'm burning on the inside
And the truth is I didn't know how good you were
Until you were gone (gone gone gone gone...)
Until you were gone

Until you were gone (gone gone gone gone...)
Until you were gone
