

Leave a Light On

[Belinda Carlisle](#)

Take my hand, tell me what you are feeling
Understand this is just the beginning
Although I have to go, it makes me feel like crying
I don't know when I'll see you again
Darling leave a light on for me, I'll be there before you close the door
To give you all the love that you need
Darling leave a light on for me, 'cause when the world takes me away
You are still the air that I breathe
I can't explain, I don't know just how far I have to go
But darling I'll keep the key, just leave a light on for me
Yes I know, what I'm asking is crazy
You could go and just get tired of waiting
But if I lose your love torn out by my desire
That would be the one regret of my life
Darling leave a light on for me, I'll be there before you close the door
To give you all the love that you need
Darling leave a light on for me, 'cause when the world takes me away
You are still the air that I breathe
I can't explain, I don't know just how far I have to go
But darling I'll keep the key, just leave a light on for me
Just like a spark lights up the dark
Baby that's your heart
Baby that's your heart
Baby that's your heart
Darling leave a light on for me, I'll be there before you close the door
To give you all the love that you need
Darling leave a light on for me, 'cause when the world takes me away
You are still the air that I breathe
Darling leave a light on for me, I'll be there before you close the door
I'll be all the love that you need
Darling leave a light on for me, 'cause when the world takes me away
You are still the air that I breathe
Darling leave a light on for me, I'll be there before you close the door
To give you all the love that you need
Darling leave a light on for me, 'cause when the world takes me away
You are still the air that I breathe
Darling leave a light on for me, I'll be there before you close the door
I'll be all the love that you need
