Dancing In The Light

Blutengel

You wanna go out tonight
You put your black dress on
Just a little make-up
And the red lipstick too
So you walking down the streets
You do not feel the rain on your skin
You go to your favourite club
You feel like a hunter in this nightYou're dancing to the music, you feel the beat
You move your body and you feel the heat
Everybody is looking at you tonight
When you're dancing in the lightLook at me I am the mistress of the night
See me dancing see me moving in the light
You will never get me 'cause I'm dancing with myself
I don't want you to touch me, 'cause I'm a solitary girlWhy did she not see it's coming
You couldn't run away
It happened so suddenly
You couldn't speak a word
He pushed your head to the floor
He touch you everywhere
You taste your blood on your tongue
You're laying naked in the rainYou're dancing to the music, you feel the beat
You move your body and you feel the heat
Everybody is looking at you tonight
When you're dancing in the lightLook at me I am the mistress of the night
See me dancing see me moving in the light
You will never get me 'cause I'm dancing with myself
I don't want you to touch me, 'cause I'm a solitary girl
