Still No Air

Alice Cooper

Who says the earth is crumbling
And no sky is falling through?
Sometimes, I just can't dieThe world should be assembling
But not just right out of view
Whole days I like to fryEasy action, got a rocket in your pocket
When you're a jet, you're a jet all the way
From your first cigarette to your last dying dayWho says the earth is trembling
And there's still no air?
