

We Used to Be

Lektromelodica

Verse 1

Baby, you and I had a plan, I don't understand

we don't even talk anymore, not like before

Neither one of us can proclaim to be innocent,

Either way you know its a shame, it's a shame

We Used 2 Be

Hook:

We Used 2 Be, So in love but now I see,

Somethin's keepin' us apart, what we had at the start, all gone

Verse 2

Look at all the things that we say, in a hurtful way

now it's gettin' hard to pretend I don't see the end

Still a part of me wants to try, before I say goodbye

maybe I should just let it go, let it go

Hook 2x

Pre-hook

:

But, we were so good together, thought it would last forever

knew it was right, guess I was wrong

Hook 2x
