

# Angel Fire

## Dolores O'Riordan

Another lonely night in December  
Jaweh, Jaweh, Jaweh  
It is the time of year, people remember  
Jaweh, Jaweh I can't find a word to say to you  
I can't comprehend, I can't relate to you Plain to see, no flies on me  
Take me higher, angel fire  
Take me where I want to go  
Teach me things I need to know Plain to see, no flies on me  
Take me higher, angel fire  
Take me where I want to go  
Teach me things I need to know I'm knowing this could be our last event  
Jaweh, Jaweh, Jaweh  
I'm knowing I am your youngest descent I don't want to know your pain  
I don't want to play the game Plain to see, no flies on me  
Take me higher, angel fire  
Take me where I want to go  
Teach me things I need to know Plain to see, no flies on me  
Take me higher, angel fire  
Take me where I want to go  
Teach me things I need to know I can't find a word to say to you  
I can't comprehend, I can't relate to you Plain to see you're made for me  
Take me higher, angel fire  
Take me where I want to go  
Teach me things I need to know Can't you see you're made for me?  
Take me higher, angel fire  
Take me where I want to go  
Teach me things I need to know Who knows? Who knows? Who knows?  
Who knows? Who knows? Who knows?
