Like Real People Do (Live in America)

Hozier

I had a thought, dear
However scary
About that night
The bugs and the dirt
Why were you digging?
What did you bury
Before those hands pulled me
From the earth?I will not ask you where you came from
I will not ask you, neither should youHoney just put your sweet lips on my lips
We should just kiss like real people doI knew that look dear
Eyes always seeking
Was there in someone
That dug long ago
So I will not ask you
Why you were creeping
In some sad way I already knowI will not ask you where you came from
I will not ask you and neither would youHoney just put your sweet lips on my lips
We should just kiss like real people doI could not ask you where you came from
I could not ask you, neither could youHoney just put your sweet lips on my lips
We could just kiss like real people do
