Change Your Ways

Agnostic Front

Come on, come on, come on, come on
Change your ways
Why don't you make, hah, a resolution
Heh, for God sake, give a contribution
Huh, you're filthy rich huh, so help the world
Donate some dough to the starvin' boys and girls
They ain't eatin', we're just chillin', stop the killin'
Come on, come on, come on, come on
Change your ways
Change your ways huh, start givin'
Huh, you're livin' like every day is thanksgivin'
Huh, cool songs huh, nice cars, clear sky, bright stars
Funky, funky beats on the radio be pumpin'
Hah, you're so cool, well let us tell you somethin'
Change your ways
Come on, come on, come on, come on
Change your ways
Hey you, don't be stupid, comprehend
The words I'm speakin' to a beat
That's crazy funky and keeps the people freakin'
Just trust through us, you're listenin' to God talk
Mic check 1, 2, huh, hey fellas tell 'em what they need to do
Come on, come on, come on, come on
Change your ways
Come on, come on, let's do it, let's do it
There's just so many of us, huh
Hey yo, there ain't nothin' to it
We're just too strong, can't nothin' stop the movement
Hah, party people listen - the world has room for improvement
The groove is small and I know you've
Been thinkin' a lot about this jam
So take his hand and take her hand

And let's all lend a hand to our fellow man
Come on, come on, come on, come on
Change your ways
We can do it, we can do it, we can do it
We can do it, we can do it, we can do it
We can do it, we can do it, we can do it

We can do it, we can do it, we can do it
Come on, come on, come on, come on
Change your ways
We can do it, hah, that's right, but you gotta, gotta warn her
We gotta help the junkies tastin' their dream
Fiendin' on the corner
Cause yo we got the power
And man we are the world, so what you wanna do
What you wanna do homeboys and all you fly girls?
Put your cigarette out, throw away your drink
Take a moment of silence to stop and think
Hah, we gotta change our ways huh
Or we'll never see brighter days
Come on, come on, come on, come on
Change your ways
Word up, you know what I'm sayin'?
All we gotta do is change our ways
And everything will be aight you know what I'm sayin'?
There's so far to go you know I mean?
But we gotta keep fightin', we gotta struggle you know what I mean?
And we stay alive, only the strong survive
So part of you can change your ways and you'll be aight
Peace from LL Cool J
Come on, come on, come on, come on
Change your ways
