

Messenger

Guided By Voices

Why can't you see that it's not cool?
To wait in handing (?) after school
Tell you what I'll do
I'll leave it up to you Messenger, messenger
I wanna be your boy, your messenger
Messenger, messenger
I wanna be your boy, your messenger I know it gets so hard to choose
I'll be the one to break the news
Tell you what I'll do
I'll leave it up to you
