

Halloween

[Kirsty MacColl](#)

I must have fallen on my feet
A hundred times or more
I heard the wind blow down the street
The knocking at the door But there was no one there
Though I looked everywhere
So was it all a dream?
Halloween The spirits of the past
The costumes and the masks
The shipwrecks and the ghosts
From up and down the coast They've all come back to see
If we were meant to be
We can't escape our dreams
Halloween You must have followed me back home
And hid behind my back
No one could find me on their own
I'm off the beaten track Well, I was scared before
But I'm afraid no more
And nothing's as it seems
Halloween The spirits of the past
The costumes and the masks
To me, they don't disguise
The presence in your eyes They turn their heads to see
If we were meant to be
A nightmare or a dream
Halloween Oh Hallo, Halloween The spirits of the past
The costumes and the masks
To me, they don't disguise
The presence in your eyes They turn their heads to see
If we were meant to be
A nightmare or a dream
Halloween
