

# Rodeo

## Method Man

Come on, come on, yeah, yeah, yeah, yeah  
(Come on ride in my rodeo, come on ride in my rodeo)  
This one of another one of them nasty M.E.F. joints  
Come on, come on, come on  
(Come on ride in my rodeo, come on ride in my rodeo)  
To all the chicks with their asses thick  
Out the whole click, she the baddest bitch  
Dose-doh, 'round your partner, switch  
Clan in da front, we be starting shit  
No, don't trip, dog, spark 'em, quick  
Holla when a real nigga talkin' trick  
We got grip but we ain't spendin' shit  
You and your friends, stop pretendin' trip  
Let a nigga get nut pushed, better yet let a nigga get some head  
I work 'em, work 'em or feed 'em, burp 'em then jerk 'em, instead  
I get my nuts pushed from the bottom to the top of your gums  
I feel your slurpin', slurpin', I'm skeetin' and squirtin' your tongue  
And I got about five grand but I won't be spendin' a dime  
See 'cuz overspendin's a crime and I can't be spendin' my time  
If you get your guts pushed, could because of Luda and Meth  
Could because we do it the best, could because we screw 'em to death  
Come up out of them dirty clothes  
Bend on over and touch them toes  
Uh oh, we oh, we oh  
Come on and ride this rodeo  
Meth and Luda, we lock and load  
'Round your partner, now dose-doh  
Uh oh, we oh, we oh  
Come on and ride this rodeo  
I wonder where about five bottles of gin, models that wanna swallow  
And wobble, gobble again, tell a couple of friends  
I slap that ass, bitch, take a look and see what you got in  
'Cuz I've been schemin' and plottin' to have you breathin' and stoppin'  
What we talkin' 'bout? Pussy poppin', car hoppin' women  
See 'em watchin', clockin' pigeons, flockin' Luda  
They jockin'. lightin' buddha and boots is rockin'  
Nameless hoes, take 'em brainless with painted toes  
Famous she code, twerkin' pussy, hurtin', workin' that pose  
They wanna raise that pussy tab, price and position

Enticin' these women, given the proper juice  
Life that they livin', hope that they double deuce  
Shifted ass cheeks last week in Ludacris's backseat  
Afraid so, ask son, taste them  
Now watch me, dog 'em, freak 'em  
Out every weekend, she puttin' A.P.B's on my dick  
I keep on bettin' and breathin'  
Where's my pants, I'm leavin'  
I'm speakin' facts, mammies creepin' and they cheatin'  
They even sleepin' with mats, some be eatin' that cat  
I'm teasin', indecent expose, Method be tweakin'  
Keep pussies leakin' through pantyhose, marijuana smell on my clothes  
This evening, these bunnies got me on swell  
I bust and reload  
Honey, break out the 'dro and give me some mo'  
[Incomprehensible] rodeo  
Come up out of them dirty clothes  
Bend on over and touch them toes  
Uh oh, we oh, we oh  
Come on and ride this rodeo  
Meth and Luda, we lock and load  
'Round your partner, now dose-doh  
Uh oh, we oh, we oh  
Come on and ride this rodeo
